The regular monthly meeting of the Raptist Sunday-School Association was held yesterday afternoon at the Westend Haptist church. There was singing and recitations by the pupils of the different schools. Reports were also read. Mayor Collier had ten negroes before him this meraing on the charge of playing craps for money. They were each fined is and costs. Three of the accused were represented by United States District Actornoy Francis Rives Lassiter. This city was visited this afternoon about 3 o'clock by a violent wind, rail, and thunder-storm. The rain came down in forrents, while the wind blew a gale. Trees in different parts of the city were demoded of their branches, and two or three of the large windows of the First Saptist church were broken.

Miss Francis Lee Starr, a daughter of Rev. W. G. Starr, pastor of Washington-Street M. E. church, in this city, made a narrow escape from drowning yesterday while bathing at Virginia fleach. A big wave struck the young lady and rendered her unconscious. Mr. W. C. Flynn, manager of the Western Union telegraph office in this city, went to her assistance and carried her ashore.

BIBLES FOR ALL THE WORLD.

The Work of the American Bible Society for the Past Year.

American Bible Society, which covers the work of that organization in printing and circulating the Seriptures during the past year, has just been published. The Society has distributed more volumes in China during the year than in any preceding year since it began its operations there. In Japan, too, the Bible Committee has been able to accomplish a great deal of work among the soldiers of the Japanese army. More than 1,500,00 Bibles, Testaments, and integral portions of the Bible, were printing by the Society during the year, and more than 1,900,00 of them were printed the work of that organization in print ed by the Society during the year, and more than 1,00,000 of them were printed on the presses in the Bible House, and more than 500,000 were printed in foreign lands. Through purchases of additional volumes, the total number printed and procured by the Society amounted to 1,656,674 copies. Of these, 547,103 volumes were issued from the Bible House, and 634,055 in foreign lands. Of the volumes issued from the Bible House, 101,106 copies were sent to foreign lands, and are not countries.

copies were sent to foreign lands, and are not counted among the issues in foreign countries.

Of the issues of \$47.100 volumes from the Bible House, \$65.507 have been for the home supply. On account of the failing off of the receipts, the Society was compelled to restrict its colportage work to a considerable extent. Only twenty-seven colporteurs have been employed for the whole of a part of the year in twelve States and two Territories. The colporteurs visited 71.073 families, and found 12.514 without the Scriptures. The number of families visited by the American Bible Society and its anxillaries was 516.738, of which 113.244 were found to be without the Scriptures. Destitute families were supplied to the number of 34.260, and individuals, in addition, to the number of 19.582.

Of the distribution of the Bible in foreign lands, the report continues:

"As usual, these distributors of the Book have enconnered many and great obstacles. They have been comformed with poverty, illiteracy, and prejudice; their work has been paralyzed by peatilence and earthquakes; barriers have been thrown in the way of travel; financial depression has impoverished the communities where they expected to sell; they have suffered from false accusations, and endured arrest and imprisonment for the

the Path of New Jersey's Cyclone.
HACKENSACK, N. J. July IL.—Between
forty and fifty thousand persons visited
the scene of the ruin and devastation at
Cherry Hill to-day. Some of the unfortunates whose homes were wrecked sat
about wondering what was pext in store
for them. Hackensack and the other
towns have responded promutly to the
call for sid made by the people of Cherry
Hill. Committees have been organized in
several of the towns. The most importaut, is the one here. Prompt measures
were taken, and between the amount
nubscribed and that gathered in hoxes
at the ruin of the village there is now
enough money to keep the unfortunates
in food for a few days.

Viewed in the light of day, with the
excitement that existed last night gone,
the ruin appeared more complete. Everywhere in the path of the storm were
ruins. The tangled heap of timbers by
the railroad track told where the deput
went to pieces. That pile of wreckage
showed where a house had been thrown
down, and that one where a barn had
been razed by the wind. The leafless
trees that withstood the strain of the
whirlwind gave the appearance of midwinder. On two sides, as viewed from the
centre of the town, there were banks

From the town of Moraon there came
with them Rev. H. A. Freeman, whom
the young couple were very desirous
should have some hand in the ceremony.
With his assistance they procured the
services of a legal friend in this city,
who willingly acted as representative for
the Commonwealth, the clergyman drawing the silken knot.

The ceremony was performed Thursday,
and the whole matter was kept a profound secret until Friday, it being their
intention to make no public announcement until the arrival home of Mr. and
Mrs. Nelson, but the mystical "somebody" got hold of the affair, and Friday
night it was the topic of conversation at
the Maine headquarters at Winthrop
church, and the happy pair were kept
busy receiving the congratulations of
friends and Endeavorers.

There were four horses in the race, and the first heat went to the Orecombred gelding Klamath, in 2.11 I-1, but the college-bred youth and prince of vound rivers landed Miss Nelson first under the wire in 2.22 I-1, reducing her recording that half a second. The third heat resulted in a brilliant exhibition of speed, the daughter of Nortolk foreing Klamath out in 2.03 2, placing him in the free-for-all division. He fluished third in the fourth heat, which Miss Nelson won in 2.12 2-4, just equalling her 123 record. The fifth and deciding heat Klamath won in 2.11 I-4, with the Virginia mare second, and in the summary she stood for second money. While Miss Nelson did not achieve first honors in this her first race of the season, she displayed rure race-horse quality, lowered her record, and it yet eligible to the 2.13 class. She is the greatest harness race performer the South has yet produced, and a mark of 215, or better even, is \$111 within the capacity of the great daughter of Norfolk and Miss Lassiter. "My attention has just been called to the publication of a letter written by me in September, 1890, to Hon. W. L. Peck, and published at the time in the Atlanta Journal.

"The Journal was then openly opposing the sub-Treasury scheme, and my personal opposition to it was well understood, the letter clearly excluding the idea of committing to all such propositions which it presented, although it was known that I did favor the free coinage of silver I was giving most of my attention to professional work at that time, and supposed, without investigation, that the free coinage of aliver would carry the value of the buillon to par and also keep silver and gold at parity jwith equal purchasing power. Since then I have given the subject much more study, and being thoroughly satisfied that the free, unlimited, and independent coinage of silver at the ratio of is to I would result in silver monometalism. I have for several years openly opposed it."

A C. E. ROMANCE.

Two Delegates from Maine Have Now But a Single Thought.

There is sure to be some remantic episode attached to such a convention as that of the Christian Endeavorers. So is related the story of the trip to Boston of two bright Christian Endeavorers from Maine, one a prominent young man of Monson, and the other an attractive young senooministress of Cornellio.

At August C. Nelson is an industrious young asardyman of the former town lie is prominent in the Endeavorer work of the Pine Tree State, and president of the local society in his own town. For some time he has paid attentions to Miss Makeell, of Cornville, and when the trip of the Maine Delegates was projected, it was decided by the young couple that both should go.

They planned to make the whole affair a surprise to their friends, and lioped to let mo one into the secret but the clerry man who was to perform the ceremony. They also planned to make the would make the wolden more unique and interessing by having the wold make the wolds with the romance of a "Plnafore" marriage, for mo Massachusetts clergyman was abourd the steamer which brownth was sooner to he little track work, but his force seems to be at long distances. Senator Jones Denies That There is to Be a Mass Meeting.

WASHINGTON, July 15.— Senator Jones, of Arkansas, who joined with Senators Harris and Turpie in issuing a call for a conference of silver Democrats in Washington, on the 18th of August, ans written a letter to a friend in Washington, expressing the origin of the call and the purpose of the meeting. He says:

"At Memphis, after the adjournment of the meeting there, a number of Democrats, from different States, had a meeting at the Gayozo Hotel, and, after consideration, that meeting requested Senators Harris, Tuple, and me to take steps to organize the silver Democrats, so that they should be fairly represented in the next national convention. We concluded that the best way to do this was to first organize a national central committee of silver Democrats, consisting of one or more members for each State, and that these members look after the erganization of their own States. To select gentlemen for meaning the committee by correspondence seemed slow; hence, it was concluded to invite one or more gentlemen of character from each State to meet in Washington and the character thought well of it, this select, if they thought well of it, this central committee. This is all there is of it, as I understand."

of it, as I understand."
The general impression seems to have gone out that this conference seems to have gone out that this conference was to be a mass-meeting. Senator Jones' statement puts it in a different light.

OCEAN GROVE, N. J., July 15.—There was an uprour on the camp grounds yesterday afternoon, and a greater war of words has not been wared there for several years. It occurred at the big Bible class held at the Auditorium, led by President Thomas Hanlon, LL. D., of Pennington Seminary. The lesson was "The Golden Calf." A dispute arose concerning idolarry, which drifted into a hot discussion on the merits of Roman Catholicism. Dr. Hanlon is an Irishman, and he is proud of it. When Catholicism was being denounced, he jumped to his feet, and with arms cutting the air, exclaimed:

"The ignorant woman who, in faith, bows to an image, is on safer ground than the super-higher critics, who seem to have lost all their faith. I thank God for the Catholic Church!"

This was greeted with mingled ap-

plause and expressions of disapprobation by the class of 3.00. The leader was vigorously attacked by some of his asso-clates. When the question-box was opened, one query was, "Wouldn't it be better if the leader of the Ocean-Grove Bible Class was a little stronger Pro-testant?"

More applause followed this. The Doctor shouted back: "I want you to understand I am no narrow-minded, Protestant. If you don't like that, why you need;" it."

needn't?"
The Bible class is noted for its hot debates, but yesterday's was exceptionally warm. Applause is not allowed in this place on Sunday, but it came out yesterday, deepite the efforts of President Stokes to quiet the crowd.

SAYS SHE WAS HYPNOTIZED.

Love Story of a Roumanian Girl Pronounced Insane.

NEW YORK, July 15.—Rosa Fischler is a very pretty, dark-eyed and dark-haired young woman not yet twenty-four years old, who came to this country seven years ago from Roumania. She lived with her sister, Mrs. Sarah Dawlovitg, a young widow, at No. 136 Orchard street, where they did dressmaking. They were prosperous and well liked by all who meet them.

Rosa was induced to consent to an action against Dr. Gross for breach of promise and David S. Goldstein, a lawyer, prepared the petition, but Rosa, after a great mental struggle, refused to sign the affidavit.

Rosa was arrested Thursday on Dr. Gross complaint, and Magistrale Simms, in Essex Market Yourt, sent her to Bellevine Hospital, where Dr. Allan Fitch pronounced her insane, and faturday she was sent to Ward's Island.

Mrs. Dawlovitz insists that her sister is not insane, and has a pitiful letter from Rosa, begging for help to get out of the asylum. Rosa says she will promein to leave New York if released, and never amony Dr. Gross. The aid of the United Hebrew Charlities Organization has been secured and the courts will be appealed to.

Dr. Gross said last night there had been no love passages in his relations with the gift, although he believed that she was in love with him and is insane.
